SKILLS

Programming Languages

Java · Python · TypeScript · Rust · C/C++ · C# · F# · Kotlin · Elixir · Go · Solidity · SQL

Frontend & Mobile

React · React Native · Angular · Flutter · WebAssembly

Backend & Cloud

Spring Boot · FastAPI · .NET · PostgreSQL · MongoDB · Redis · AWS · GCP · Docker · Kubernetes

Observability

Grafana · Splunk · IBM Instana · Datadog

Specializations

WCAG 2.2 · MCP · AI Agents · Reactive Systems · ML/AI · Functional Prog.

CERTIFICATIONS

- Anthropic MCP (Intro · Advanced · Claude Code)
- Lightbend Reactive Architecture
- Kubernetes LFS158 — Linux Foundation
- Cisco Networking · Ethical Hacking
- Datadog Kubernetes Fundamentals
- English B2 (UniPD) · Berlitz German A2
- IELTS General Training · Band 7.5 (CEFR C1)

LANGUAGES

Italian	C2 — Native
English	C1 — Advanced
French	B1 — Intermediate
Spanish	A2 — Basic
German	A2 — Basic

AWARDS & RECOGNITION

- **Top 50 STEM** – UniPD 2024/25
- **2nd place** – UniPD Website Accessibility Award
- Regional merit scholarships 2019–2022
- Wikipedia contributor (IT/EN) since 2018

PROFESSIONAL EXPERIENCE

IT Consultant
09/2025 – Present

Technology Reply – Padova (client: Generali)

- AM Lead for the core systems **EmployeeUp**, **Business Partner**, and **Commissions**: managing lifecycle of **Java/Spring Boot 3** microservices, distributed refactoring and **DORA** compliance
- Architectural refactoring from **Docker Swarm** to **Kubernetes**, **Oracle SQL** database query tuning, management of **Jenkins** CI/CD pipelines on **AWS**, and security hardening with enterprise proxies and **CVE** remediation
- L2/L3 on-call support and proactive monitoring for **Genertel/GOL** probes via **Grafana**, **Splunk**, **IBM Instana**, and **BMC Helix** ticketing
- Design of **GenAI** proof-of-concepts (PoCs) for insurance claims assessment and AM automation using **GitHub Copilot**, **Claude Code**, and the custom **User Story Advisor** tool for the **Atlassian** ecosystem (**Jira**, **Confluence**, **Forge**)

Teacher – Networking and Systems (ITI)
09/2024 – 06/2025

ITI Galileo Ferraris – Padova

- Teaching network architectures, protocols and security to ~90 students (3rd–4th year classes)
- Developed hands-on labs with Cisco Packet Tracer and Linux networking tools

Teaching & Coordination Tutor
10/2023 – 09/2025

University of Padua – Dept. of Mathematics

- **Coordination Tutor**: managed 15+ tutors across bachelor's and master's courses
- **Teaching Tutor**: Automata and Formal Languages, OOP (bachelor's); Computability (master's, taught in English)
- Produced advanced teaching material; documented support to hundreds of students

Inclusion Tutor & Accessibility Consultant
10/2023 – 09/2025

University of Padua – Disability Services

- 350+ hours of specialized support for students with SLD/BES/Asperger's/autism in STEM subjects
- Managed personalized exams (ESSE3/Cineca, Uniweb); reader and scribe tutor
- Developed WCAG 2.1-compliant digital tools; ran university accessibility seminars

Curricular Intern – Blockchain Developer
03/2023 – 06/2023

Sync Lab S.r.l. – Padova

- Implemented an Ethereum DApp POC with EthersJS/Web3JS and W3C standards (SSI/DID)
- Studied and applied Zero-Knowledge Proof techniques for identity verification

Private Tutor & IT Consultant
02/2016 – 02-2026

Freelance – Italy

- 10+ years tutoring in computer science, mathematics and languages; experienced with SLD/ADHD students
- Technical consulting for startups (Finblock, Vantura): technology stack definition and technical planning

Technical Lead & Data Manager
07/2020 – 10/2021

Clesp S.r.l. – Padova

- Managed MySQL databases and developed KPI dashboards for 500+ Buffetti retail locations
- Team leadership in customer service and operational process automation

SELECTED PROJECTS

AccessibleHub · *React Native · TS · WCAG 2.2*

Master's thesis: React Native toolkit implementing WCAG 2.2/MCAG/WCAG2Mobile with interactive modules and a real-device demo.

spring-boot-migration-guide · *Java · Spring Boot 3/4*

Practical Spring Boot 2.7→3.x→4.x migration guide, cross-checked against official sources with a working demo at every step.

VerifiedMovies · *Ethereum · Solidity · ZKP*

Bachelor's thesis: blockchain DApp with Self-Sovereign Identity and Zero-Knowledge Proof (W3C standard).

ai-agent-skills · *MCP · Claude Code · Codex*

Portable skill library for multi-provider AI agents; disciplined, reusable engineering workflows.

ctrl-verify · *CIF/ESCET · PyNuSMV · BDD*

Symbolic formal methods for reactive systems: BDD-based supervisor synthesis and safety/response property model checking.

EDUCATION

M.Sc. in Computer Science — 104/110
09/2023 – 07/2025

University of Padua

Major: Internet, Mobile and Security — mobile security, advanced cryptography, big data. **Minor:** ICT Innovation & Entrepreneurship (startups, ITIL, NIST). **Thesis:** *Designing an accessibility learning toolkit.* 400+ hours of university tutoring.

B.Sc. in Computer Science — 98/110
09/2020 – 07/2023

University of Padua

Algorithms, databases, concurrent programming, software engineering, accessible web development. **Thesis:** *VerifiedMovies — blockchain-based security and authentication.*

IT Technician Diploma — 100/100
09/2015 – 06/2020

I.I.S. Polo Tecnico di Adria — C/C++/Java, Cisco networking, web development, Android, database design.
